P R O F I L E

Aspiring Software Engineer with a solid foundation in front-end and back-end technologies, specifically Python, React, and Django. Passionate about creating responsive web applications, solving complex problems, and collaborating effectively to deliver innovative, high-quality digital solutions. I am eager to leverage my skills to build scalable, intelligent systems and impactful applications

P R O J E C T S

WALFO – Student Document Management Website

PYTHON, DJANGO, MYSQL

- Designed intuitive pages for securely storing and accessing verified student documents, including marksheets and degree certificates.
- Created fully responsive layouts to ensure cross-device compatibility and optimized website module organization.
- Collaborated in architecting modular components to enhance system performance, maintainability, and user accessibility.

ZENBOT – Chatbot with Resume Matching Skills

PYTHON, FIREBASE, RAG, NLP

- Developed secure user authentication for job seekers and recruiters in Python, enforcing role-based access control for each user type.
- Built AI-powered resume parsing and role-match analysis in Python to score and benchmark candidate profiles against specific job vacancies.
- Implemented a RAG-based conversational AI assistant that gives tailored resume optimization guidance and answers user queries interactively.

I N T E R N S H I P E X P E R I E N C E

Full-Stack Python Intern

SOFZENIX | 3 Months (Online)

- Gained hands-on experience building full-stack Python web applications and RESTful APIs within a professional agile development workflow.
- Managed daily technical sprint tasks, successfully executing routine system bug fixes, codebase maintenance, and targeted feature enhancements.
- Demonstrated agile adaptability and team problem-solving across the entire software development life cycle (SDLC).

C E R T I F I C A T I O N S

- **Python for Data Science –** Certified by NPTEL (2025)
- **JavaScript –** Certified by Udemy (2026)
- **MongoDB –** Certified by Udemy (2026)
- **Git & GitHub –** Certified by Udemy (2026)
